

SHOOTING TIPS

Right-handed individual pictured.

Pull the string with your dominant hand.

Hold the bow with your non-dominant hand.

Nock (load) the arrow between the finger protectors.

Place arrow on riser shelf opposite dominant hand.

NEVER DRY FIRE* THE BOW

*Dry firing is shooting the bow without an arrow.

Tilt the bow slightly to take aim and shoot.

Grip the string with one finger above the arrow and two below.

Take aim and then release the string.

The riser logo should be below your hand.

Stand at 45-degree angle from target, with feet square with shoulders.
